

Job ID: IQOQIVIE154PD223

The Institute for Quantum Optics and Quantum Information Vienna ([IQOQI-Vienna](#)) of the Austrian Academy of Sciences ([OeAW](#)), Austria's leading non-university research and science institution, is offering a

POSTDOC POSITION (F/M/X)

(part-time, 25h per week)

in the research group "Gravitational Quantum Physics" led by Markus Aspelmeyer (for details please visit: [Aspelmeyer Group](#)).

The position will be funded by the ERC Synergy Grant Q-Xtreme, a research project jointly with the University of Innsbruck and ETH Zurich to explore the extreme regime of macroscopic quantum superpositions of solids.

Your tasks:

- Theoretical research in the field of macroscopic quantum physics, in particular the study of noise and decoherence effects in levitated quantum optomechanical systems, as well as the design and theoretical analysis of new experimental methods and protocols to generate non-Gaussian quantum states of motion of levitated solids
- Supporting the experimental members of the team with analytical and numerical tools for parameter estimations and noise analysis
- Being involved in various administrative and academic tasks that involve the collaboration within the ERC Synergy network between Vienna, Innsbruck, and Zurich

Your profile:

- Completed PhD studies in physics
- Previous (independent) research experience and a scientific track record reflecting your level of seniority
- Experience in supervising students and writing project proposals

Interested candidates are invited to submit:

- A detailed curriculum vitae including list of publications
- Short research statement
- PhD certificate
- The electronic (email) contact details of at least two potential referees

We offer an annual gross salary of € 41.563,38, according to the salary scheme of the Austrian Science Fund (FWF).

Please submit your application documents in one single PDF file to applications-iqoqi@oeaw.ac.at (mentioning the Job ID: IQOQIVIE154PD223). Applications will be reviewed continuously, and the call will remain open until the position is filled.

The Austrian Academy of Sciences (OeAW) pursues a non-discriminatory employment policy and values equal opportunities, as well as diversity. Individuals from underrepresented groups are particularly encouraged to apply.
